

NCAIT 2008

Special Poster Session on New Challenges in Applied Intelligence Technologies

(<http://www.iea-aie.pwr.wroc.pl>) (iea-aie@pwr.wroc.pl)

16 May 2008

NCAIT 2008

Poster Size

Dear NCAIT Participants,

this is to inform you that the size of poster stands available during your session is:

width 90 cm × height 120 cm.

The standard size of poster (width 70 × height 100) would be the best solution.

Please note that You will have full access to all necessary accessories (drawing pins, tapes, glue, scissors, etc.) needed for preparing your poster's presentation on the stand.

The timetable for NCAIT session has already been published on the conference webpage, available at <http://www.iea-aie.pwr.wroc.pl/>.

With best regards,

Organizing Committee
